

Health and wellbeing

If you have any health concerns, mental or physical, you need to contact your General Practitioner (GP) Surgery.

If you are not registered with a GP, call or email the surgery you would like to attend and ask to be registered as a patient.

If you urgently need medical help or advice, but it's not life-threatening, call NHS 111 or visit your nearest NHS Walk-in Centre. If you or someone is seriously ill or injured and life is at risk, call 999 or go to A&E.

More support and extra help is also available from the following organisations.
